

keypad

En-Pad type 2

En-Pad type 2

The new En-Pad has been designed to meet the requirements for destination control type lifts with keypads and is ideal for apartment buildings, offices, hotels and many other applications. The keypad fully meets the requirements of EN81-70, having contrast between the legend and the key. The En-Pad has a very low profile and can be easily incorporated into landing fixtures. It also meets the category 2 requirements of vandal resistant lift code EN81-71.

key features

- Numerical keys are black anodised with moulded through tactile opal legends
- Star key is green anodised with moulded through tactile opal legend
- Minus key is red anodised with moulded through tactile opal legend
- Wheelchair symbol key is blue anodised with moulded through tactile opal legend
- All keys are back light illuminated (standard colour - white)
- Satin chrome die-cast body
- High contrast between legend and keys
- Vandal resistant
